As for the wall, we have been accused of changing the plan. There was no plan to begin with, only an idea, i.e. "The Sanctuary". Which is a precast, painted concrete wall. We have not changed from this concept.

Thank you for attending today's meeting. I hope that you walk away with the feeling of an informed citizen."

He further warned against multiple people having access to viewing the tapes including issues with chain of custody; liability of multiple users; and potential inappropriate viewing of videos. He stated that there was no reason for anyone other than a law enforcement officer to have access. Mr. Green noted that it was the policy of the Board that nobody other than the Constable have access.

Director Headley stated she had talked with John Nemic, the HOA President, regarding the HOA's request to view the tapes. She explained the District's policy regarding viewing the tapes.
